

SECRETARY OF THE ARMY
WASHINGTON

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Army Directive 2018-12 (New Policy Regarding Waivers for Appointment and Enlistment Applicants)

1. References. A list of references and the Department of Defense (DoD) Instruction (DoDI) 6130.03 definition of a medical waiver are in enclosure 1.

2. Purpose. This directive provides new guidance on waivers for appointment and enlistment. In addition, this directive supersedes provisions in Army regulations and previous Army G-1 waiver guidance, which control medical and misconduct waiver authorities for applicants requesting enlistment, reenlistment, appointment, or accession.

3. Medical Waivers. Any applicant who does not meet the physical and medical accession, enlistment, and reenlistment standards for the conditions or diagnoses in paragraphs 3a or 3b may be considered for a waiver. Unless otherwise stated in this document, the medical waiver authority for the conditions identified is the Deputy Chief of Staff, G-1 Director of Military Personnel Management (DMPM). Any waivers submitted for these identified medical conditions will come through the appropriate service medical waiver review authority (SMWRA), who will provide a recommendation, to the DMPM for decision. Guidance to the SMWRA is in paragraph 6. The standard for approval of a medical waiver will be a determination that appointment, enlistment, reenlistment, or induction is in the best interests of the Army based on a holistic review of the applicant's potential for service.

a. Psychiatric and Behavioral Health Conditions. Any applicant with a verified current diagnosis or history of any of the following disorders: mood disorders; personality disorder; disorders with psychotic features; drug or alcohol abuse or dependence; drug overdose; or any suicide attempt, or suicide gesture or ideation (except in instances that involve self-mutilation and meet the criteria of paragraph 6c) is disqualified unless a waiver is approved. Applicants who were previously denied accession to any branch of the military for behavioral health conditions also are disqualified unless a waiver is approved.

b. Applicants With a Previous Medical Separation or Discharge. Any applicant who was separated or discharged from any component of the Armed Forces for any medical reason, with or without disability requires a waiver before enlistment, appointment, or induction.

SUBJECT: Army Directive 2018-12 (New Policy Regarding Waivers for Appointment and Enlistment Applicants)

4. Conduct Waivers. A conduct waiver is required when the final finding of a court or of another adjudicating authority is a conviction or other adverse adjudication of any of the following: one major misconduct offense, two misconduct offenses, or a pattern of misconduct. Army policy with respect to all conduct waivers not referenced in this directive remains unchanged. For all waiver requests, the applicant must display sufficient mitigating circumstances that clearly justify approving the waiver.

a. Waiver authorities and consideration for misconduct offenses identified in enclosures 2 and 3 are withheld to “the Recruiting Battalion Commander or State Adjutant General for the Army National Guard (ARNG), unless otherwise noted in this directive. Any single misconduct offense listed in enclosure 3 that results in a court sentence of a fine of \$500 or more or any confinement will be withheld to the DMPM.

b. The waiver authority for any single offense identified in enclosure 4 is withheld to the DMPM. This includes a positive drug or alcohol test at the Military Entrance Processing Station (MEPS). Any other drug-related incident not involving a medical diagnosis will be treated as misconduct in accordance with this paragraph.

c. Any applicant with a State or Federal conviction, or a finding of guilty in a juvenile adjudication, for a felony crime of rape, sexual abuse, sexual assault, incest, any other sexual offense, or when the disposition requires the person to register as a sex offender, will not be considered for a waiver. Any applicant with a conviction qualifying under sections 922(d)(9) and 922(g)(9) of Title 18, United States Code, will not be granted a waiver for entrance into military service.

d. Applicants with prior military service who were separated or discharged from any branch of military service for conduct identified as misconduct in the enclosures, require an enlistment, appointment, or induction waiver from the DMPM. Requests will be submitted through the appropriate waiver authority identified in Army Regulation (AR) 135-100, paragraph 1-8; AR 601-100, paragraph 1-13; and AR 601-210, paragraph 4-7, who will provide a recommendation on approval or disapproval to the DMPM.

5. Education and Trainability for Applicants Requiring Waivers. All applicants considered for appointment, enlistment, or induction in the Regular Army (RA), ARNG, and U.S. Army Reserve (USAR) who require waivers for conditions set forth in paragraph 3, or conduct listed in enclosures 3 and 4, must still meet the education standards in AR 601-100, paragraph 1-10 and AR 601-210, paragraph 2-7. These applicants must also meet the trainability standard in AR 601-210, paragraph 2-8. As an exception to AR 601-210, paragraph 2-8, these applicants must achieve a test score category of I-III A (TSC I-III A).

SUBJECT: Army Directive 2018-12 (New Policy Regarding Waivers for Appointment and Enlistment Applicants)

6. Guidance to Medical Waiver Review Authorities

a. All applicants considered for appointment, enlistment, or induction in the RA, ARNG, and USAR must meet the five standards in DoDI 6130.03, paragraphs 1.2.c.(1)–(5). Disqualifying conditions listed in section 5 of the DoDI do not meet medical standards by virtue of a current diagnosis or for which the applicant has a verified past medical history.

b. For conditions in DoDI 6130.03, paragraph 5.28 not identified in paragraph 3, the SMWRA may grant an accessions waiver if the SMWRA determines the disqualifying condition identified by the DoD Medical Examination Review Board or the MEPS Chief Medical Officer is not supported by available medical evidence, does not represent current or active diagnoses, and meets accession standards.

c. Pursuant to DoDI 6130.03, paragraph 5.28n, a history of self-mutilation does not meet medical standards. A waiver is authorized only when the suspected disqualifying condition is not supported by available medical evidence, does not represent current or active diagnoses, and meets accession standards. SMWRAs are authorized to approve these waivers if the applicant meets all the following criteria because the applicant will be deemed to have no current active diagnosis:

(1) A single episode before age 14 years and no incident within the 5 years before application.

(2) No evidence of any disqualifying behavioral health condition on psychiatric evaluation (ordered by the MEPS Chief Medical Officer).

(3) Evidence of adequate coping with stressful situations.

7. Inspector General Review. The Inspector General will annually review waivers granted to any enlistment or appointment applicant, with an emphasis on those waivers covered by this directive, to determine compliance with references e–g and this directive. The Inspector General will report the findings and make recommendations to the Secretary of the Army and Chief of Staff, Army on how to improve the waiver process.

8. Applicability. The provisions of this directive are effective immediately and apply to the RA, ARNG, and USAR.

9. Proponent. The Army Deputy Chief of Staff, G-1 is the proponent for this policy and is directed to initiate a revision to the pertinent Army regulations to incorporate the

provisions of this directive. This directive is rescinded upon publication of the final revised regulation(s).
