32. Motivation Statement *(Outline motivation for military service and reasons for applying. Statement must be contained in this section. Do not use a continuation page.)* :

ACKNOWLEDGMENT AND UNDERSTANDING OF SERVICE REQUIREMENTS

33. I understand that the Department of the Army is under no obligation to accept me as a participant in this program. No one has given me any assurance that I will be one of those selected.

34. I understand that my participation in the US Army Health Professions Scholarship Program is contingent upon my selection, acceptance of a USAR appointment as a second lieutenant (if applicable), execution of the required service agreements and contracts, and enrollment in an approved professional school.

35. I understand that objection to participation in war or the bearing of arms, by reason of religious training and belief (conscientious objection), may be inconsistent with the military status and obligation which I will incur in the Program. By this application I declare that I am not a conscientious objector (or, I have attached a statement of my beliefs).

36. I understand that if I am qualifying for a degree in medicine, osteopathy, or clinical psychology, I am required to make appropriate application for the Army's First-Year Graduate Medical Education Program or Clinical Psychology Internship Program and if selected, participate in an active duty status. If I desire residency training, I will apply for the Army program and if selected, participate in such training.

37. If not selected for an Army Program, I understand that my entry on active duty may be delayed for the completion of a non-military First-Year Graduate Medical Education Program or Clinical Psychology Internship Program (internship) and/or residency training in a non-military hospital. I understand this depends on future Army requirements for specialists and selection by The Surgeon General.

38. All MC/DC/MS/VC HPSP applicants must have complete and approved enrollment packets submitted through USAREC HSD NLT 31 January. Applicants with incomplete packets will have their scholarship offer curtailed by one year.
