USAREC Reg 190-4 Incident Reporting

This revision, dated 1 September 2014

- Table 2-1 (UR 190-4) revised—provides an extensive listing of incidents that require reporting. The table shows what is reported, what organization receives the SIR, time to report the SIR and what incidents require USAREC CG notification.

- SIR forms are numbered 190-4.1 (previously UF 957), 190-4.2 (previously UF 958) and 190-4.3 (previously UF 959).
Army management control process. This regulation contains management control provisions in accordance with AR 11-2, but does not identify key management controls that must be evaluated.

Supplementation. Supplementation of this regulation is prohibited.

Relation to USAREC Reg. 10-1. This regulation establishes policies and procedures regarding incident reporting, according to UR 10-1 para 2-21 p (4).

Suggested improvements. Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to HQ USAREC. ATTN: RC-COC, 1307 3rd Avenue, Fort Knox, KY 40121-2725.

Distribution. This publication is available in electronic media only and is intended for command distribution level A.

This regulation supersedes USAREC Regulation 190-4, dated 1 April 2013.

Chapter 1
General

1-1. Purpose
This regulation prescribes policies, guidance, and implements U.S. Army Recruiting Command (USAREC) policies and procedures for reporting incidents considered serious or reportable under higher headquarters guidance. This regulation includes serious incident reports (SIRs), commander’s critical information requirements (CCIRs), SIR addendums and Commander’s Report of Disciplinary Action (DA Form 4833). This information is designed to provide detailed instructions contained in references and establish policy specifically for USAREC.

1-2. References
Required and related publications and prescribed and referenced forms are listed in appendix A.

1-3. Explanation of abbreviations
Abbreviations used in this regulation are explained in the glossary.

1-4. Responsibilities
a. The USAREC Incident Reporting Program includes serious incident reports (SIRs) and Commanders Critical Information Requirements (CCIRs). Commanders, military and civilian supervisors, Soldiers and civilian employees share responsibility for reporting. Commanders and supervisors must become familiar with the provisions of this regulation and implement applicable portions.
   b. Unit representatives must have this regulation on hand and maintain the references cited herein.
   c. Commanders will immediately send through their chain of command a Serious Incident Report (USAREC Form 190-4.2) for any alleged, suspected or known misconduct, crime, or stress related incident. Table 2-1 lists many of the reportable incidents. Commanders will use their discretion for incidents not listed. At minimum, the initial incident report must include blocks 1 through 16 and 26 through 31).
   d. Commanders and directors will appoint unit representatives. Each battalion and brigade will have a primary and alternate incident reporting manager individual appointed in writing (memorandum). Military or civilian personnel may perform these duties.
   e. The USAREC Command Operations Center (COC) chief serves as the reporting officer for Headquarters, U.S. Army Recruiting Command (HQ USAREC). The COC chief provides guidance, policy, and assistance to field subordinate commanders and appointed representatives as required.
   f. Brigade, battalion, and company commanders will establish and implement reporting programs within their respective activities in accordance with Army regulations, this regulation, and local SOPs. Commanders at all levels will ensure that all serious incident reporting follows guidelines. Failure to report serious incidents may require a written explanation to the Commanding General (CG).
   g. The Chief of Staff (COS) is responsible for distributing incident reports within HQ USAREC. These reports normally contain sensitive information and require a need to know. Incidents and attachments will be classified “For Official Use Only” This distribution list requires that command staff sections treat incidents, as a minimum, for official use only (FOUO). The USAREC COS will determine what incidents that are extremely sensitive will receive “restricted distribution”.

1-5. Coordination
Direct coordination between organizations, offices, or activities within USAREC is authorized and encouraged. In addition, all brigades and battalions will coordinate directly with supporting Criminal Investigation Division (CID), Joint Terrorism Task Forces, 902nd MI Group and local law enforcement agencies. Commanders and representatives must realize that the reporting of incidents or coordination with outside activities will generate reports within that agency. Therefore commanders must report these types of incidents immediately to the USAREC COC when outside coordination is initiated. Use USAREC Form 190-4.2, blocks 30 and 31 to report coordination.

1-6. Reports
a. Specific reports and other written requirements are contained in each chapter of this regulation and cited
Army regulations. All reports are submitted using the appropriate USAREC forms, and are completed correctly, and in the proper format. Failure to submit reports in accordance with guidelines could result in late reports that require a commander’s endorsement for lateness. For incidents requiring CG notification (table 2-1), the brigade commander or a representative will provide an executive summary (EXSUM) to the USAREC CG and the COC. The notification to the USAREC CG for these types of incidents can be by phone or email. An EXSUM (with USAREC Form 190-4.2 (Incident Information Report) will be provided by email to the USAREC COC by the brigade S3 or responsible brigade staff section. As more information becomes available, the brigade will submit USAREC Form 190-4.2 follow-ups (block 31a), and finals (block 31b) every 30 days or as changes occur. Reports are sent to the COC officer with a copy to the COC chief. Final SIRs are submitted when the action (UCMJ, unsubstantiated from investigation/SJA, administrative action, etc) are applied to the soldier.

b. CCIRs are those items that the USAREC CG uses to make critical decisions. The COC Chief collects and disseminates CCIRs using USAREC Form 190-4.2 (fig 3-2).

c. The occurrence of natural or man-made disasters requires the submission of a CCIR report when as the result of a disaster the operational capabilities of a unit are negatively affected. The CCIR is submitted to the USAREC COC using USAREC Form 190-4.2 (figure 3-2). When USAREC property is damaged or destroyed or personnel are displaced from a disaster, USAREC Form 190-4.1 (The Personnel and Assessment Report) (figure 3-3) is submitted with the USAREC Form 190-4.2. This report is submitted daily at 1200 hours EST. The personnel accountability includes family members and civilians.

d. Follow-ups and final (CCIR), when personnel are displaced or USAREC property is in jeopardy, will be submitted daily (no later than 0900 EST) to the USAREC COC. Property information (including GOVs) will include damages, location of GOVs and personnel displaced work location until repairs are made.

Chapter 2  
Policy

2-1. General
a. The timely transmission and classification of reports—the SIR reporting process ensures information is distributed promptly timely, accurately, and identifies responsibilities and requirements for notification. The SIR is considered sensitive in nature, is close hold, and distributed only to those personnel with a need to know. The USAREC Form 190-4.2 is FOUO when completed. The proponent for reporting SIRs for units assigned to USAREC is the COS. The primary point of contact for SIR submission is the COC at (502) 626-0823 or 0824 (usarmy.knox.usarec.list.hq.command.operations.center@mail.mil). The only method of communication acceptable for USAREC Form 190-4.2 is by email. If email is not available, coordinate with the USAREC COC.

b. Incidents listed in table 2-1 are reportable to this headquarters. This is not an all-inclusive list, and commanders will report any additional incident that they feel is a concern to this headquarters regardless of whether it is listed in table 2-1 or not. The SIR is not meant to replace the commander’s reporting channel to Command Group. All commanders should consider the following factors in determining whether or not the incident may be of concern: time sensitive; if the incident is questionable-report the incident and adjust later; the severity of the incident; the potential for adverse publicity; the potential consequences of the incident; and the effect the incident has on unit readiness or the perception of readiness. Family members should be referred to as spouse, son, daughter and so on when possible to protect identities. Civilian’s (victim) identity should also be protected if possible. If there is any doubt, call the COC or report the incident.

c. Commanders must exercise great care when dealing with any terrorist-related incidents. These situations demand quick action to allow intelligence agencies to respond appropriately. Therefore, incident reporting to the USAREC CG and COC requires swift communication by email or telephone. When a suspicious activity is reported, it is imperative to report descriptions, license numbers, vehicle description, etcetera with the incident report.

2-2. Reporting procedures
a. Immediately upon awareness of a suspected, alleged, or known serious incident as outlined by this regulation, notify the USAREC COC at (502) 626-0823 or 0824 or e-mail: usarmy.knox.usarec.list.hq.command.operations.center@mail.mil by the most expeditious means available using the information requirements found in Chapter 3. The brigade point of contact will provide as much operational related information as is currently available concerning the incident to the USAREC COC. If the information is lacking for completing the USAREC Form 190-4.2, but requires immediate notification of the USAREC Command Group, the brigade SIR manager will provide an EXSUM (figure 2-1) to the COC in accordance with time guidelines (table 2-1). The table 2-1 lists those SIRs that the brigade commander must notify the CG (telephone or email).

b. For other SIR reporting, the brigade SIR Manager will submit a complete detailed report using USAREC Form 190-4.2 in accordance with guidelines in Chapter 3 and table 2-1. This detailed report should include all currently known information required on the SIR. Ensure annotation on UF 190.4.2, lists who in the chain of command was notified of the incident.

c. Submit significant changes or additions to the original report at any time (follow-ups). Commanders will submit follow-ups as they occur or every 30 days (nothing significant (NST R) to report if required). This information will be consolidated and forwarded to the COC and should include, but is not limited to:

(1) Name (first and last with rank) and telephone number of person sending report.

(2) The assigned USAREC COC SIR number.

(3) Any ongoing actions associated with the incident.

(4) Changes in circumstances, errors, or information not included in the original report.

(5) If injury is involved, any change in the condition or location of the injured, prognosis.

(6) If death is involved, who is the person survived by to include names, relationships, location; memorial service location and date time group; and if next of kin was notified.

(7) Any other information deemed necessary by the commander.

(8) A copy of the SIR, or CCIR is forwarded by the COC to the originator once the report is processed and forwarded to Command Group, higher headquarters, or appropriate agency as required. Units will use this file copy to submit the follow-up and/or final report. The file copy contains the EXSUM provided to the USAREC CG and

Definitions:

Sexual Assault: Sexual assault is a crime defined as intentional sexual contact, characterized by use of force, physical threat or abuse of authority or when the victim does not or cannot consent. Sexual assault includes rape, nonconsensual sodomy (oral or anal sex), indecent assault (unwanted, inappropriate sexual contact or fondling), or attempts to commit these acts. Sexual assault can occur without regard to gender or spousal relationship or age of victim. Consent will not be deemed or construed to mean the failure by the victim to offer physical resistance. Consent is not given when a person uses force, threat of force, or coercion or when the victim is asleep, incapacitated, or unconscious.

Sexual Misconduct: Other sex-related offenses are defined as all other sexual acts or acts in violation of the Uniform Code of Military Justice that do not meet the above definition of sexual assault, or the definition of sexual harassment as promulgated in DOD Directive 1350.2, Department of Defense Military Equal Opportunity. Examples of other sex-related offenses could include indecent acts with another and adultery. Allegations of a prohibited relationship in USAREC could qualify as 8-1b sex-related offenses if the initial information indicates that both parties consented.

USAREC Regulation 600-25, paragraph 2-1. Unauthorized relationships:

1. The following activities with subjects of recruiting efforts including contacts and prospects (includes all high school students regardless of qualification for military service), applicants, or members of the FSTP or sister service equivalent are prohibited (see USAREC Mag 07-100):
   1. Any social activity of a personal, unorthodox nature. Prohibited activities include, but are not limited to:
      1. Any type of romantic or sexual contact;
      2. Eating at lodgings or personal vehicles;
      3. Drinking alcoholic beverages;
      4. Unofficial, personal contact such as entertainment, dining, recreation, dating, or other intimacy; and
      5. Entry of any subject of a recruiting effort into the dwelling place of any other.
   2. Sale, purchase, lease, giving, receiving, loaning, borrowing, or other exchange of any money, property, or service.
   3. Personal employment that is babysitting, maintenance, etc.;
   4. Meeting a prospect, applicant, or Future Soldier of the opposite gender during the recruiting process without at least one qualifying person present at all times unless an exception listed in USAREC Mag 07-100 applies.
Table 2-1. Incident/Accident Report (continued)

| a. Verbal: | Examples of verbal sexual harassment may include telling sexual jokes; using sexually explicit profanity, threats, sexually oriented cadences, or sexual comments; whistling in a sexually suggestive manner; and describing certain attributes of one’s physical appearance in a sexual manner. Verbal sexual harassment may also include using terms of endearment such as "honey," "babe," "sweetheart," "dear," or "stud" in referring to Soldiers, civilian co-workers, or Family members. |
| b. Nonverbal: | Examples of nonverbal sexual harassment may include staring at someone (that is, —undressing someone with one’s eyes"), blowing kisses, winkling, or licking one’s lips in a suggestive manner. Nonverbal sexual harassment also includes printed material (for example, displaying sexually oriented pictures or cartoons); using sexually oriented screen savers on one’s computer; or sending sexually oriented notes, letters, faxes, or e-mail. |
| c. Physical contact: | Examples of physical sexual harassment may include touching, patting, pinching, bumping, grabbling, cornering, or blocking a passageway, kissing, and providing unsolicited back or neck rubs. |

Types of sexual harassment:

- Quid pro quo: Quid pro quo is a Latin term meaning "this for that." This term refers to conditions placed on a person’s career or terms of employment in return for favors. It includes implicit or explicit threats of adverse action if the person does not submit to such conditions and promises of favorable actions if the person does submit to such conditions. |
- Hostile environment: A hostile environment occurs when Soldiers or civilians are subjected to offensive, unwanted and unsolicited comments, or behaviors of a sexual nature. If these behaviors unreasonably interfere with their performance, regardless of whether the harasser and the victim are in the same workplace, then the environment is classified as hostile. (For example, the use of derogatory gender-biased terms, comments about body parts, suggestive pictures, explicit jokes, and unwanted touching.) |

Note 1: | Fraud >$30K, negligent homicide, manslaughter, child porn, possession/trafficking porn or child porn, forgery >$5K, sodomy, stalking, BAH fraud >$30K |

Note 2: | Adultery, fraternization, prostitution, bigamy, kidnapping, attempted robbery, fleeing scene of accident, illegal discharge of weapon, obstruction of justice, failure to obey order, conduct unbecoming, willful or negligent dereliction of duties, drunk on duty, abusing an animal, illegal alien trafficking, obstruction of justice, fraudulent use of government credit card, domicile to duty, insurance fraud, belonging to terrorist, extremist or racial organization |

Note 3: | Any Soldier, DAD arrested and held overnight for an offense, Cdr has probable cause that Soldier/Defendant to be arrested and charged for misconduct or crime. CID is notified for all crimes or misconduct. |
staff, the initial (corrected copy) of the USAREC Form 190-4.2, and the incident file number.

(9) Each brigade and battalion will designate a primary and alternate person (military or civilian) who is responsible for transmission of the SIR or CCIR to their higher headquarters. The brigade will provide the points (SIR manager) of contact (primary and alternate) to the USAREC COC.

(10) Brigade personnel will ensure each USAREC Form 190-4.2 is correctly filled out and spelling and grammar are correct. Do not use acronyms without spelling out first, unless for common usage acronyms, such as rank and dates. Date time group is date, time, month, and year (that is, 281315May09).

Chapter 3
Incident Information Reports

3-1. SIRs (specific incident)
Listed below is the information required for submitting USAREC Form 190-4.2 for an SIR via email. See figure 3-1 for a sample.

a. Reporting Unit (blocks 1 through 4).
   (1) Block 1 is the battalion where the SIR occurred.
   (2) Block 2 is the battalion and brigade points of contact and telephone numbers who prepared the report and ensured the incident was reported correctly and completely.
   (3) Block 3 is the date and time the information was received at brigade.
   (4) Block 4 is the subject, date assigned to USAREC, and the time (years, months) assigned to the current duty position in USAREC.

b. Incident Information (blocks 5 through 7).
   (1) Block 5 is self-explanatory. Normally Most of the time an incident will require a follow-up or final report. (2) Block 6 is the date the brigade submitted the incident to the USAREC COC.

THIS FORM REPLACES the UF 958  
V5.00

USAREC Reg 190-4 • 1 September 2014
31. REMARKS:
On 13 Jun 2014, the center commander received a call from the Palm Beach HS principal who reported that a student, who is also a Future Soldier, tol him that SSG Jones has been texting her inappropriately for over a week. The Future Soldier said she had asked the Soldier to stop, but he has continued to send the offensive messages.
The soldier is flagged.

The chain of command has launched an AR 15-6 investigation

Block 29 remarks: Brigade security manager will generate the report in JPAS and forward it to the battalion security manager.

a. FOLLOWUP:

b. FINAL:
(3) Block 7 is the serious incident type and date the incident happened. The incident type (table 2-1) is typically one or two words, (for example, death, drug abuse, or theft). In some cases a modifier is used, such as Death (Soldier), Theft (GOV), or Miscellaneous (Arson). Ensure the incident type is also on the subject line of the message, (for example, SIR-Death (Family Member)).

c. Personnel Involved (blocks 8 through 25).

(1) Blocks 8 through 16 are either the subject of the incident or the center commander when there is no specific subject. Block 16 is the company name, town location, and RS.

(2) Blocks 17 through 25 are reserved for when there is more than one subject or a center commander, recruiter, or Soldier is involved with another subject.

d. Publicity (block 26). Contains what publicity is anticipated, published, or known. Also, provides the source and date of source.

e. Summary of Incident (block 27). Provides the who, what, when, where (including ZIP Code), why, and how. This section provides what the writer knows, to include names, locations with addresses, and inclusive dates. If unknown, use Unknown.

f. Notification (block 28). States whether the battalion and brigade commanders were notified and if the USAREC CG was notified of the incident (in accordance with para 1-6a and table 2-1).

g. Actions taken. Block 29 will be updated on all follow-ups and finals. Blocks 29 and 30 are the military and civilian actions initiated by the command.

h. Remarks, Follow-up, and Final. Block 31 in the initial report will include deployment data (number of deployments and dates). If this information is unknown at the time of the report, it will be included in follow-up reports. Block 31 is used for overflow information from block 27 (Summary of Incident), the follow-up, and final information provided. The follow-up and final information is added to the original form that is sent back to the unit by the point of contact. This is done so a new form is not required.

i. For all incidents with possible terrorist activities (demonstrations, threats, suspicious activities), the preparer will provide the name and telephone number of the local law enforcement agency that received the initial police report. The name of the police officer receiving the report should be included if possible.

j. Reports on the death of a Soldier will state whether the next of kin was notified. If the death was due to a vehicle accident, note whether seatbelts were used. If a motorcycle fatality, state when the Soldier had completed the motorcycle safety course.

k. For stress related incidents, indicate whether or not the Brigade Psychologist is involved or consulted in Block 31. Self-referrals for stress are not SIR reportable unless the patient is hospitalized. The Brigade Psychologist will be informed of all self-referrals for stress.

l. Units will ensure all personnel/units are aware of policies for Compromised Personally Identifiable Information (PII) and Security of Laptop and Portable Computer Systems.

3-2. CCIRs (production or operational)

a. CCIR is defined as:

(1) Department of Defense (DoD). A comprehensive list of information requirements identified by the commander as being critical in facilitating timely information management and the decision making process that affects successful mission accomplishment. The two key sub-components are critical friendly force information and priority information requirements.

(2) Army. Elements of information required by commanders that directly affect decision making and dictate the successful execution of military operations. Table 2-1 lists CCIRs.

(3) USAREC Form 190-4.2 is filled out exactly the same as an SIR with some exceptions. In block 7, list the CCIR from table 2-1. In block 27 the commander will briefly explain in as few words as possible explain the effect of the CCIR on his or her unit. If possible provide anticipated time that the CCIR will cease and what action (if any) the commander is taking to mitigate the CCIR. Include in block 31 any request for support if the commander believes support from higher headquarters will mitigate the impact.

(4) The USAREC Form 190-4.1 (Personnel and Facility Assessment Report) is submitted whenever there is a major disaster (for example, hurricane, tornado, etc). The brigade will update this form daily (figure 3-3).
Figure 3-2. Sample of a completed USAREC Form 190-4.2 for a CCIR
31. REMARKS:
Floodings has curtailed recruiting operations. RC personnel have moved to the Central Street RC and will continue operations at that location until further notice. Expect the personnel to return to the Main Street RS on 18 Jun 14.

4-1. General

a. In order to identify trends that are potentially damaging to the morale and well-being of all assigned personnel, HQ USAREC Office of the Command Psychologist (OCP) created the SIR Addendum. The data collected on the SIR Addendum enables Commanders to investigate trends, assess their consequences, and initiate actions to mitigate further harm. Additionally, the SIR Addendum provides action steps to assist Commanders with coordinating care and connecting with services and resources in the geo-dispersed environment. Commanders will submit an Initial SIR Addendum to USAREC COC within 72 hours of submitting the Initial SIR.

b. Commanders at all levels (Station, Center, Company, etc.) should be aware of their Soldiers’ actions and behaviors; changes can be an early indication that intervention is needed. The SIR Addendum is required for the below listed incidents:

   (1) Stress.
   (2) Suicide Ideation.
   (3) Suicide Attempt.
   (4) Suicide.
   (5) Violent Rage and/or Homicidal Ideation.
   (6) Aggressive Behavior and/or Assault.
   (7) Homicide.
   (8) Child Abuse/Endangerment.
   (9) Domestic Violence.
   (10) Sexual Misconduct/Sexual Harassment.
   (11) Sexual Assault/Rape (Article 120).
   (12) Substance Abuse/Misuse.
   (13) Driving Under the Influence (DUI) – Impaired by drugs or alcohol.
   (14) Other Crimes or Violations that may identify a trend in negative behavior.

c. The SIR Addendum (USAREC Form 190-4.3) is conveniently located on all USAREC desktops under the icon labeled “USAREC Serious Incident Report Form/Guidance.”

d. The information contained on the SIR Addendum is For Official Use Only (FOUO). Commanders should submit follow-ups to SIRs as significant updates occur or every 30 days (whichever is sooner).

e. The Brigade Behavioral Health Consultant (BHC) will assist with care coordination and referrals, if necessary. Utilize the SIR Addendum to describe actions taken by the Command and to help identify resources available, if needed. Interventions like ASAP referral, Behavioral Health treatment, Family Advocacy counseling, Unit Ministry Team (Chaplain) consultation, and financial assistance may not appear to be “readily available” in the geo-dispersed environment; however, programs and resources exist at the Brigade- and Battalion-level that are assist in bridging the gap between installation-based programs/resources and local communities.

4-2 Definitions

a. Stress: Any severely maladaptive or incapacitating reaction to social or work-related pressure. Emotional strain, turmoil, “nervous breakdowns,” mental conditions, and mental illness may negatively impact an individual’s ability to function. Examples include (but are not limited to): loss of relationship, financial difficulties, legal issues, undiagnosed mental illness, increased responsibilities at home or at work, or any combination of a variety of factors.

   (1) Soldiers who react to stress negatively may or may not be able to identify their own behaviors. An SIR is not required when Soldiers “self-refer” for stress-related matters. Self-referral could preempt further risk or harm and it should be encouraged. Examples include (but are not limited to): asking for help with alcohol abuse, requesting information about anger or stress management classes, or seeking assistance in parenting skills. Early identification and being proactive can prevent serious incidents from occurring.

   (2) An SIR is required when stress has burdened the Soldier to the point of “breakdown” or negative behaviors become obvious. Submit an SIR when a Soldier is hospitalized as a result of their stress. Stress often manifests as other incidents, and it is important to identify the actual incident and not mislabel or misidentify it as “stress.” Examples of reports received as “Stress” but are NOT: drinking to avoid stress at home and arrested for driving under the influence; overwhelmed by the stress of being a Center Commander and has an altercation at home; yelling offensive obscenities at other Soldiers on multiple occasions. These three examples should be submitted as DUI, Domestic Violence, and Violation of Army Standards (VOAS)—Article 134, Indecent Language.
b. **Suicide Ideation:** Any threat of intent to self-injure or die, spoken or written, implicit or explicit.

c. **Suicide Attempt:** Non-fatal self-directed potentially injurious behavior with any intent to die as a result of the behavior. A suicide attempt MAY or MAY NOT result in injury.

d. **Suicide:** Death caused by self-directed injurious behavior with any intent to die as a result of the behavior.

e. **Self harm or Non-suicidal self-directed violence:** Although these types of acts are not a specific category outlined in paragraph 4-1.b. this is behavior that deliberately results in injury and should be reported. There is no evidence of suicidal intent, and the Soldier may or may not be hospitalized as a result. Examples include (but are not limited to): self mutilation, cutting, burning, needle sticking, or biting. This type of behavior could be an attempt to regulate mood or to relieve stress. Death is not the desired outcome.

f. **Child Abuse/Endangerment:** There are four categories of child abuse. The term “caregiver” refers to any person who is responsible for the care of the child—parents, family members, day care provider, babysitter, etc.

1. **Child Neglect:** Omission of care that results in significant harm or the risk of significant harm to child(ren).

2. **Physical Abuse:** Inflicted acts by a caregiver that result in significant physical injury or the risk of such injury.

3. **Sexual Abuse:** Nonconsensual sexual acts, sexually motivated behaviors involving children, or sexual exploitation of children by a caregiver.

4. **Emotional or Psychological Abuse:** Repeated pattern of caregiver behavior or extreme incident(s) that convey to children that they are worthless, flawed, unloved, unwanted, endangered, or only of value in meeting another’s needs. Examples include (but are not limited to): abusive verbal attacks, neglectful behavior, or no affection shown to the child.

g. **Domestic Violence:** There are various forms of domestic violence. Physical abuse involves physical aggression toward the partner (e.g., pushing, grabbing, shoving, punching, kicking, etc.). Sexual abuse refers to behaviors that are intended to compel the partner to engage in unwanted sexual activity. Emotional or psychological abuse involves coercive acts that are intended to produce emotional harm or threat of harm. Domestic Violence involves the use, attempted use, or threatened use of force or violence against a person, or a violation of a lawful order issued for the protection of a person who is:

1. A current or former spouse;

2. A person with whom the abuser shares a child in common; or

3. A current or former intimate partner with whom the abuser shares or has shared a common domicile.

h. **Sexual Misconduct:** Refer to AR 600-20, Chapter 8, paragraph 8-4.b. Other sex-related offenses: Sexual acts or acts in violation of the Uniform Code of Military Justice (UCMJ) that do not meet the definition of sexual assault, or the definition of sexual harassment as promulgated in DOD Directive 1350.2, Department of Defense Military Equal Opportunity. Examples include (but are not limited to): indecent acts with another and adultery.

i. **Sexual Harassment:** Refer to AR 600-20, Chapter 7, paragraph 7-4: A form of gender discrimination that involves unwelcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature between the same or opposite genders when

1. Submission to, or rejection of, such conduct is made either explicitly or implicitly a term or condition of a person’s job, pay, career, or

2. Submission to, or rejection of, such conduct by a person is used as a basis for career or employment decisions affecting that person, or

3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creates an intimidating, hostile, or offensive working environment.

Any person in a supervisory or command position who uses or condones implicit or explicit sexual behavior to control, influence, or affect the career, pay, or job of a soldier or civilian employee is engaging in sexual harassment. Similarly, any Soldier or civilian employee who makes deliberate or repeated unwelcome verbal comments, gestures, or physical contact of a sexual nature is engaging in sexual harassment.

j. **Sexual Assault:** Refer to AR 600-20, Chapter 8, paragraph 8-4.a. A crime defined as intentional sexual contact, characterized by use of force, physical threat or abuse of authority or when the victim does not or cannot consent. Sexual assault includes rape, nonconsensual sodomy (oral or anal sex), indecent assault (unwanted, inappropriate sexual contact or fondling), or attempts to commit these acts. Sexual assault can occur without regard to gender, spousal relationship, or age of the victim. Consent will not be deemed or construed to mean the failure by the victim to offer physical resistance. Consent is not given when a person uses force, threat of force or coercion, or when the victim is asleep, incapacitated, or unconscious.

k. **Substance Abuse/Misuse:** Positive urinalysis (UA) results could indicate substance abuse/misuse, though the UA
is not the only indicator. Substances include (but are not limited to): alcohol, prescription medications, cannabis, cocaine, hallucinogens, opiates, and sedatives.

4-3. Detailed Instructions for Completing the SIR Addendum

The SIR Addendum collects data in five sections: SIR identification, Demographic Information, Pre-Incident – Background Information, Current Incident – Additional Information, and Post-Incident – Way Ahead (Plan of Action).

(1) Type of Incident and SIR#: The classification of serious incidents is critical in trend analysis and the fourteen categories identified in 4-1.b. should be used to fill-in the “Type of Incident” block. The “SIR #” is a 6-digit number assigned by USAREC COC. The first two digits represent the fiscal year (FY); the last four digits represent the tracking number.

(2) Demographic Information: All of the data collected in the Demographic Information section can be extracted from personnel records, Enlisted (ERB) or Officer Record Briefs (ORB), or the Defense Enrollment Eligibility reporting System (DEERS).

(a) Brigade and RSID: Self-explanatory. Provide the complete RSID where the Soldier is assigned.

(b) Battalion, Company, Center/Station: Self-explanatory. Complete the blocks that apply to the Soldier’s RSID.

Example: 5N7B – Nashville BN, Elizabethtown CO, Bowling Green RC.

(c) Full Name: Provide the Soldier’s Full Name (include suffix, if applicable).

(d) Date of Birth: Self-explanatory.

(e) Component: Select either RA (Regular) or AR (Reserve) from the drop-down.

(f) Rank & Date of Rank: Self-explanatory.

(g) Pay Entry Basic Date (PEBD): Get this date from the ERB. For Officers, use the BASD from the ORB.

(h) Gender: Select from the drop-down.

(i) Marital Status: Select one of the following options from the drop-down: Single – never been married; Married (Co Habitating) – Soldier resides with spouse in same household; Married (Geo Bachelor) – Soldier resides alone with no plans to dissolve marriage; Separated (Non-Contentious) – amicable, divorce is imminent; Separated (Contentious) – hostile, divorce is imminent; Divorced or Widowed.

(j) Number of Children in Household: Self-explanatory. The DEERS database maintains the most accurate family member information. The Brigade or Battalion Soldier & Family Assistance (SFA) Program Manager is your “local” point of contact.

(k) Total # Combat Deployments: Provide the total quantity of combat tours. This information is located on the ERB and ORB, Section I – Assignment Information. The “C” code represents combat duty.

(l) Most Recent Start – End Date: Provide the dates for the most recent tour only (tours are listed in chronological order with most recent on top). For enlisted personnel, both start and end dates are listed in Section I of the ERB. For officer personnel, the ORB only provides the end date—include the number of months “MO” to provide an estimated start date. Example: 20081121 (11 MO).

(m) Country Code: Provide the alpha code of the most recent combat tour; the “CT” column of Section I of the ERB or ORB. Common codes are: IZ, AF, and KU (Iraq, Afghanistan, and Kuwait, respectively).

(n) # of Months: Provide the total number of months of the most recent combat tour; the “MO” column of Section I of the ERB or ORB. The ERB also provides a calculated total, be sure to use the number that corresponds to the most recent tour only—do not use the calculated number. Common tour lengths do not exceed 20 months.

(3) Pre-Incident – Background Information: This section asks a series of Yes/No questions that may require additional investigation. The USAREC Risk Assessment and Counseling (URAC) booklet is a great source of information that may assist in completing this section. However, the URAC booklet is only as useful as the information provided at the time of counseling—it is not the sole source of information. If the Soldier is available, ask them for the information.

(a) Physical health issues/concerns: Consider the following questions - Is the Soldier receiving treatment from a doctor? Is the Soldier on a permanent profile? Does the Soldier experience chronic pain? Do not provide specific diagnosis or details of health status. If yes, provide a simple statement to capture the intent: back pain, knee pain, headaches, etc. in the space provided.

(b) Command-Directed Behavioral Health Evaluation (CDBHE): In the past year, has the Soldier's behavior resulted in a BH evaluation? If yes, provide the name and location of the facility in the space provided.
(c) Previous substance abuse treatment: The Army Substance Abuse Program (ASAP) is the primary treatment program for Soldiers. Other branches provide similar services, but all participation should be tracked by ASAP. Within USAREC, the G1/S1 is able to query the ASAP database for previous treatment history. Additionally, the Brigade BHC may be able to access the information through medical channels. If yes, provide the ASAP location.

(d) Overnight stay in a hospital due to mental health issue: Do not provide diagnoses or details regarding the hospitalization. If yes, provide the date (exact not required) and name of the hospital in the space provided.

(e) Negative counseling (formal or informal): Do not provide details of the counseling. If yes, provide a simple statement to capture the intent: financial problems, VOAS, timeliness, etc. in the space provided.

(f) Previous SIRs or IRs: If yes, provide the SIR# in the space provided.

(g) History of disciplinary (UCMJ) actions: If yes, provide date (exact date is not required).

(h) Own or have access to firearms or weapons: If yes, provide quantity and type (if available).

(4) Current Incident – Additional Information: This section is designed to provide “common” topics of consideration that arise during a serious incident. Each serious incident involves numerous steps that differ from case to case. However, reviewing this section should provoke inquiry and may serve as a reminder in a chaotic time. None of the items in this section are required to be reported, but sharing notes provides insight and may increase involvement from agencies that were not previously considered.

(a) Alcohol, drugs, or other substances: Was the Soldier under the influence of any substance at the time of the incident? If yes, refer the Soldier to ASAP for evaluation; LOD; restrict the use of GOVs; contact the Brigade BHC for care coordination or treatment (see “Plan of Action” section, item 5).

(b) Who has control of firearms or weapons: If the serious incident involves potential harm to self or others, or there is increased risk of safety, removing firearms or weapons may mitigate further harm. If the Soldier has access (previous section, item h), who is safeguarding the firearms or weapons? Appoint a Family Member or another Soldier to secure and annotate name or relationship in the space provided. Examples: spouse, Center Cdr, or SSG Smith.

(c) Hospitalization: If the Soldier is admitted for in-patient care, provide the name and location of the hospital in the space provided.

(d) Support for the Soldier: It is important to consider support during incidents that may negatively impact a Soldier and their Family. Resources available include (but are not limited to): Family Readiness Groups (FRG), American Red Cross, Chaplain, SFC Program Manager, Victim Advocates, Casualty Assistance Centers, Veteran Service Organizations, and other “local” support agencies.

(e) Support for the Soldier’s Family (if applicable): In incidents where the Soldier is not available or when circumstances preclude the Soldier from being the “normal” conduit between Command and the Family, remember to provide support to the Family. Reach out to Families, assess their needs; or appoint someone to ensure they are supported. Use the resources available (item d).

(f) Family reaction: This topic should be considered when the serious incident may impact the Family. If the incident involves an investigation or misconduct, reaching out to the Family may be a challenge. Some incidents may involve Command and it may not be prudent for you to contact the Family. Similarly, it may not be wise to have various agencies to contact the Family. Seek guidance from the resources provided.

(5) Post-Incident – Way Ahead (Plan of Action): Not all serious incidents will require coordination. Use this section as a guide to complete “common” actions. Document dates of referrals, locations, and names of points of contact. The Addendum is a worksheet that will help in writing Follow-Ups to the SIR.

(a) Coordinate with the Brigade BHC or HQ USAREC OCP. They will assist with referrals to ASAP, CDBHE, clinical counseling or therapy, and Warrior Transition Unit (WTU) process.

(b) Coordinate with Services, Support, and/or other Resources. The Family Advocacy Program (FAP) coordinator at the Brigade should be contacted on all reports of Domestic Violence or Child Abuse. The Brigade Judge Advocate (BJA) will assist with legal matters and violations of the UCMJ. The SFA Program Manager at either the Battalion or the Brigade can assist with TRICARE, financial issues, EFMP, and a wide-range of Army Community Service (ACS) programs. They can also assist with finding available resources in local communities. The Chaplain provides support services at any time, not just during times of need.

(c) Command Actions. The actions listed are not intended to capture all of the actions that Command will experience when dealing with a serious incident. The list was created based on “common” actions found on previous SIRs. The Addendum gathers data that may help to identify gaps or help to streamline processes. It also helps to identify the resources that are available.
### USAREC SERIOUS INCIDENT REPORT - ADDENDUM

The Addendum is used to help leaders gather pertinent data and to plan courses of action after a Serious Incident occurs. The information on the Addendum is fluid—if changes need to be made, send updates using the SIR follow-up procedures. The first Addendum will be emailed to the USAREC CIC within 72 hours of the INITIAL SIR. A Final Addendum will be submitted with the Final SIR.

Chapter 5  
Commander’s Report of Disciplinary Action (DA Form 4833)

5-1. Purpose  
This chapter prescribes policies, guidance for and implements USAREC policies and procedures for the reporting of Commander’s Disciplinary or Administrative Actions (DA Form 4833). Reportable incidents include administrative, judicial or non-judicial actions for misconduct. This information is designed to provide detailed instructions contained in references and establish policy specifically for USAREC.

5-2. Responsibilities  
a. The USAREC Commander’s Report of Disciplinary or Administrative Action (DA Form 4833) is a command responsibility. Commanders and supervisors must become familiar with the provisions of this regulation and implement applicable portions.

b. To implement a comprehensive reporting program, commanders will appoint unit representatives at all levels. Representatives must have this regulation on hand and maintain the appropriate references cited in this regulation.

c. Commanders and directors will appoint unit representatives (for example, every battalion and brigade will have a primary and alternate DA Form 4833 reporting individual appointed in writing (memorandum)), as appropriate.

d. The USAREC SJA will provide a monthly report to the USAREC Command Operations Center (cc: USAREC SJA) on personnel who receive any type of administrative, judicial or non-judicial actions for misconduct. The report will include the Soldier’s name, rank, unit, type of infraction, date of the incident, date punishment was administered and the SIR reference number. The report will be submitted on the first working day of every month.

e. The USAREC Command Operations Center chief serves as the reporting officer for HQ USAREC. The COC chief provides guidance, policy, and assistance to field commanders and appointed representatives as required.

f. Brigade, battalion, and company commanders will establish and implement reporting programs within their respective activities in accordance with Army regulations, this regulation, and local SOPs. Commanders at all levels will ensure that the Commander’s Report of Disciplinary or Administrative Action is completed properly. Failure to report administrative, judicial or non-judicial actions for misconduct may require the commander to provide a written explanation to the CG.

g. Each DA Form 4833 must include a memorandum from the brigade commander stating that he or she has reviewed the report.

h. The COC chief is responsible for distributing DA Form 4833 within HQ USAREC and to supporting provost marshals or directors of emergency services (DES) for input into the Army Centralized Operations Police Suite (COPS) database. The distribution of the Commander’s Report of Disciplinary or Administrative Action is normally sensitive information and requires a need to know. This distribution list requires that command staff sections treat incidents, as a minimum, for official use only (FOUO).

5-3. General  
a. The purpose of the DA Form 4833 is to ensure that all administrative, judicial or non-judicial actions for misconduct are reported to higher headquarters so that the information can be placed into COPS.

b. The form can be downloaded at http://www.apd.army.mil/

c. A DA Form 4833 User Manual – Step-by-Step instructional guide can be downloaded through AKO (Office of the Provost Marshal General)

d. DA Form 4833 must be submitted to the USAREC COC within 30 days of the punishment being administered.

e. DA Form 4833 will be reviewed by USAREC SJA (10 day suspense).

f. The USAREC COC will forward DA Form 4833 to the servicing brigade headquarters Director of Emergency Services for COPS input.

g. Transmission and classification of reports. The Commander’s Report of Disciplinary or Administrative Action reporting process ensures information is distributed timely, accurately, and identifies responsibilities and requirements for notification. The Commander’s Report of Disciplinary or Administrative Action is considered sensitive in nature, is close hold, and distributed only to personnel with a need to know. The primary point of contact for Commander’s Report of Disciplinary or Administrative Action submission is the COC at (502) 626-0049 or 1071. The only method of communication acceptable for the DA Form 4833 is by e-mail, (mailto: charles.d.ebel.civ@mail.mil or mailto: usarmy.knox.usarec.list.hq.command.operations.center@mail.mil). If e-mail is not available coordinate with the USAREC COC.
h. The following is a list of incidents that require a DA Form 4833, but is not all inclusive:

1. Drug abuse.
2. Arrest (for example, burglary).
3. Domestic violence.
4. Sexual misconduct.
5. Serious crime (for example, rape).
6. DUI (arrest).
8. VOAS (for example, fraternization, sexual harassment, CG policy letter violation).
9. Fraud (for example, Government credit card, BAH fraud).
10. AWOL/desertion.
11. Alcohol abuse.
12. Any misconduct.
13. Any administrative actions such as administrative separation, General Officer Memorandum of Reprimand, counseling, reprimands, etc.

   i. A complete list of specific offenses can be found in AR 195-2, table B-1.

   j. All supporting documentation is required IAW AR 190-45 and assists the DES in verifying entries; examples include; record of commander’s inquiry, Article 15, civilian court related paperwork, court martial proceedings and administrative separations) must accompany the DA Form 4833. It can be attached as an external attachment to the form.

k. An excel spreadsheet will be sent out by the COC by the third of every month to the brigade DA Form 4833 representative with a 10 day suspense return time. The spreadsheet will require a code to be filled in from the legend that depicts the status of the DA Form 4833 action.
